**President’s Message**

By Don Dionisi

Happy New Year to everyone from your section’s leadership, it is hard to believe that the first month of the year is gone. Your board has really been busy planning the events calendar for 2019. I would like to thank our officers and directors for all their hard work in 2018. Please take a minute to also thank them and wish them a Happy New Year.

In the coming months you will be receiving a survey from the MBCA Texas Hill Country Section. Please take a little time to complete the survey. Your answers will help us do a better job of planning activities and events. I was talking with a club member recently at one of our events and was surprised to learn that he did not know about the special pricing that both Mercedes-Benz of Boerne and Mercedes Benz of San Antonio gives Texas Hill Country Section members on the A and B services. Just in case you have not heard...The economy A service is \$145 and the economy B service is \$279. If you own an AMG or Blue Tec diesel add \$50 to each service. These are wonderful prices and generally beat all other prices out there in the community. It is probably not cheaper than what you could do it for yourself, but not too many of our members change their own oil and service their Benz. This economy A and B service is not for someone who drives 30,000 miles a year, but like most of us it meets the requirements of the MB warranty. If you need more information regarding these Economy Services you will find out more details in the upcoming survey so please respond when you receive it. We do not know how long the dealers will continue giving our section this pricing. If you use MB of San Antonio ask for Ryan, or ask your advisor to speak to him for details. Ask for Patricia in Boerne, or ask your advisor to speak to her. They are the designated service advisors for the Texas Hill Country Section. They will let you know about any changes in this special pricing. Again we do not know how much longer we can enjoy this pricing.

---

On another note, this year we have taken your suggestions for club events and have scheduled dinners not combined with any driving activities. The January dinner had a great turnout and with the exception of a few members that received their meals late, it was a very enjoyable event. Please remember having large groups at smaller restaurants is a challenge for the organizer and the restaurants themselves. We try to hold dinners/lunches at restaurants that allow separate checks and allow us to order off the regular menu. Having restricted choices from the menu would in most cases prevent delays as the restaurant can prepare and serve the meals easier and usually are more expensive. We will still have driving events with lunches and some activities without lunches. The 2019 schedule of events is included in this newsletter for your convenience so check it out. We may also have some spontaneous events taking place from time to time throughout the year as well, besides the ones that are on the attached calendar so watch for some additional announcements. There is an invitation from the Austin section for February and another event in May....check out this link. <https://www.mbca.org/node/7380557>

So what is new with the MBCA Texas Hill Country Section? The section's leadership has been asked to establish a Membership Chair and possibility a Membership Committee to help improve our membership numbers. **I would like to take this opportunity to extend an invitation to our section members and secondary members to participate in this endeavor.** So what is involved?

The chair and members of this committee would share responsibilities in helping our organization attract new members, encourage our current members to renew their membership, and contact members who have let their membership expire. There is one very important aspect that would involve this person(s) to actively greet and welcome any new members at events. The Membership Chair and the committee would be responsible for checking the MBCA website and sending out emails welcoming new members on a weekly or biweekly basis. They would also have to attend our events and greet new members. This meet and greet activity could be divided up amongst 3 or 4 members of the committee so that no one person would have to attend every event. I feel a committee would be easier for everyone to accomplish greeting new members at our events because the Chair Person may not be able to attend every event. This would be a wonderful way to meet new people and develop new friends. This committee would help introduce the new members to our group. They may also want to sit with new members at functions or help place the new members at tables or areas with the rest of the group.

Currently the Texas Hill Country Section's membership is at 174. That number has moved up and down, but for the last year has stayed about the same. We would like to increase our membership because that means more income for the section. With more income we would be able to contribute to additional charities and offer more raffle gift items at our events. Several sections across the country will reward members who attend the most events with a prize or a certificate for service at one of the dealers. Some of these sections also award one, two and three year memberships in MBCA for attendance. We will explore these options and report back to you towards the end of the year, but I can almost bet that we will adopt this practice. FYI...currently some of the sections in our division have over 700 members. Some of the larger sections across the country have 1000+ members. If you know someone with a Mercedes that may like to become a member, please refer them and provide them information for membership.

So what else is happening? Well, we are also looking for a **Facebook Manager**. We really need to reach out and recruit more members and the board feels that using some of the resources that social media has to offer is a great way of accomplishing this task. If anyone of our members has experience in operating a Facebook page for a business or organization and would like to help us out please let one of your officers know. In the meantime, I will be acting as the interim person and will be taking a business class for Facebook, so let's hope I pass and can help Charlie Dove -

---

*President's message continued...*

and Martin Rios, so we can improve our Facebook page. We also have a Facebook consultant who will be joining the club and helping the three of us reach out to potential new section members with an improved Facebook page. We plan on advertising with Facebook to reach potential new members. Also ask your friends and family to "like" the Texas Hill Country Section on Facebook. Keep your fingers crossed!

The last item we are looking into is having a dealership liaison person. Our dealerships are obsessed with customer service, after all this is what improving sales and service is all about. There are times when communication is side tracked and things happen. We will be asking the dealerships to appoint one individual who will be in contact with the section and attend some of our functions and give us a report on what is new at their respective dealership. We hope that the dealers will embrace this role so that better communication is at the top of the agenda. Some sections throughout the United States actually have these liaisons troubleshoot issues that occur at their dealerships for the MBCA section's members. One of the major examples of what the liaison would be doing is helping to resolve mechanical or electronic issues for any members who might be having a chronic mechanical or electronic issue with their Benz. I have been told that the liaisons are sometimes in the sales department and sometimes in the service department. We will keep everyone posted as to what happens. Recently a member attending one of our tech sessions discussed an ongoing problem he had with his Benz. It was resolved while at the Technical Session even though his problem was totally unrelated to the Technical Session he was attending. He just asked his question that had been on his mind for months and got an immediate answer that resolved his Benz's issue. We will use the Facebook page as the tool for our members to communicate with the dealer liaison.

Well that's about it for now so checkout the rest of the newsletter that Charlie and Martin put together for you and enjoy the wonderful pictures and information. We have some really exciting events planned this year and your board would appreciate you coming out and enjoy these activities. Safe Travels!

Best!

## Our November Event – Dinner at El Bucanero Mexican Seafood Restaurant

By: C. Dove

For our November club gathering, we tried a different venue and dined together at a Mexican Seafood restaurant. El Bucanero features a wide variety of seafood options from the Pacific coast of Mexico. The restaurant also offers more traditional Mexican food options for those that are not into seafood. We had a great turnout of 18 club members. Everyone enjoyed a great meal and of course as always, good conversation with friends. Dave and Amelia were dressed to the nines, as they were going on to a dance at a high school reunion after dinner. I wish I had their energy.

After dinner, we got a look at Bebe's new car. A new GLC300. This goes well with their AMG GT and their SL65.

## Our December Holiday Dinner Paesano's Italian Restaurant

*By: C. Dove*

The Texas Hill Country Section held their Holiday Celebration dinner at Paesano's Italian Restaurant on Saturday night, December 1<sup>st</sup>. We had 28 club members in attendance along with 3 special guests. John Blackwell and his wife Martha along with their daughter Tracey were our guests for the evening. The Blackwells run a charitable organization called John's Kids. Pop, as he is known, operates the non-profit that helps kids with an extra meal over the holidays. They collect donations of peanut butter and jelly during the year for the kids. The P B & J helps the kids who typically get two meals free through the school lunch program. So over the holidays, they may not get the 2 meals. In addition to the P B & J, they collect school supplies for the kids who cannot afford them. This year, The Texas Hill Country Section made a donation of \$500 to help support their cause.

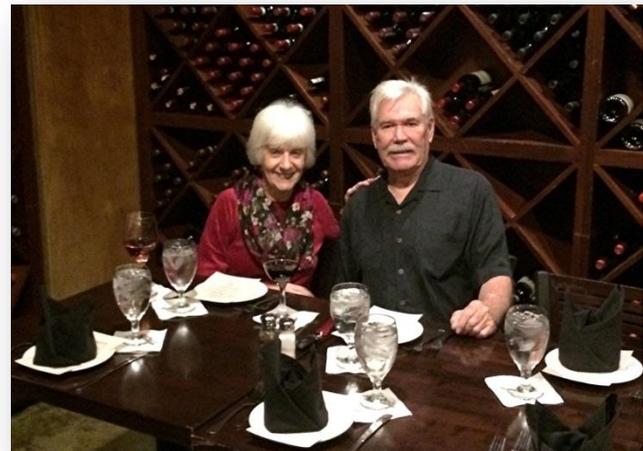

The club also conducted a raffle and gave out gifts. Everyone in attendance won something!

We also presented Norm Glorioso, our Member of the Year, and his wife Cathy a certificate for an 'A' service from Mercedes-Benz of Boerne.

We welcomed new members Ruben Cerda, and his wife Barbara Dimick to our group!

## January 2019 - Dinner Event Lemongrass Thai Restaurant

*By: C. Dove*

For the New Year, we decided to mix things up a little and try something different. We've all had our fill of traditional holiday food. So we thought we would check out a favorite local Thai restaurant. The Lemongrass Thai Restaurant has been serving up great food since 2010. They have an extensive menu that offers something for everyone.

It was a perfect night with cool temperatures for our first event of the New Year. We had a great turnout with 33 attendees. The staff and management of the Lemongrass Thai restaurant greeted us and provided us with several tables in close proximity so we could visit and talk among the group. They served us well and gave us excellent service and delicious food. We welcomed new members Bill and Sherrie Bangert to the group. Gregory Haag and his wife Tosca drove in from La Vernia. Gregory brought photos of his 1951 220 Cab A Cabriolet complete with landau bars. This has been a work in progress for a few years. Gary and Shirley Joiner brought their new 2019 S560 to the event. Mark Barnes and his wife Kim brought their new S63 AMG Coupe. There were so many fine cars in the parking lot that evening. Helene DePeralta and husband Alex brought their friend Louann who is also a car enthusiast and we hope she will join our club.

*Left to right, Dave, Ron, Ruben and Sak*

*Yong, Bebe, Barbara, Mary Ann & Amelia*

*Kathy, Tosca, Greg, Kim & Mark*

Also attending the January event, Kathy and husband Douglas drove in from Clear Lake. They are also members of the Houston Mercedes Club.

After we finished dinner, a few of us walked around outside the restaurant taking photos and checking out the many Mercedes-Benz cars that dressed up the parking area. It was a successful event to start the New Year.

---

Club members Shirley Joiner and husband Gary recently purchased a new 2019 S560. I asked them if they would share their thoughts on what they like about their new car. I think we all enjoy reading about others experience with a new vehicle purchase. Here is what Shirley and Gary have to say about their car. If you have a new or new to you Mercedes-Benz story you would like to share with us, please send it to me.

[riopaloma@sbcglobal.net](mailto:riopaloma@sbcglobal.net)

## The New Mercedes-Benz S560

### What I Like About Our New 2019 S560

*By Shirley and Gary Joiner*

This is a beautiful car with a spectacular interior. The view from the driver's seat is clear and expansive. My favorite option on the car is the Heads-Up Display. Your eyes never have to leave the road. Second favorite is the Active Distance Assist Distronic, quickly followed by Active Lane Change Assist. The on-board computer is getting easier to use and I was told by the Mercedes-Benz tech person that it would take about a year to become completely familiar with all the controls (I am making notes!). In addition to the On-Board Computer, there is the Multimedia System computer which is very intuitive.

Least favorite item is the height of the low beam headlights. When driving on our hilly roads, the low beam is aimed so low that you can see no more than 20 feet ahead. You must drive with the high beams on for safety. Also the only way to completely turn off the headlights is through the computer. There is no off switch on the headlight control knob. I do like the Cornering Light Function though.

What I wish I had added is the Night Vision Assist for spotting deer on the side or middle of the road.

These are my thoughts after driving the car for less than a week. Ask me again in a month.

#### ***Comments by husband Gary Joiner:***

What I like best in my wife's new car is the heads up display (Data Displayed onto the windshield directly in front of the driver). The blind spot alert from the two outside mirrors is another great safety feature. Another awesome feature is the following distance adjust when using the cruise control (automatically slows you down or speeds up as needed within the speed limit you have selected). Crash control braking, fabulous panoramic backup camera and lane wandering alert are just a few more of the advance safety features on this car.

It is the ultimate driving experience. I could go on for pages about this marvelous automobile. The sad part is that my wife will not likely allow me to drive it, so I will have to settle for the gentle massage treatment provided from the passenger seat!

*Photos and footnote below...*

**\*A footnote from Shirley...**  
She sent this to me after her original review and our dinner at Lemongrass...

*'The negative comment that I wrote about the headlights being my least favorite feature was changed last night when I used the automatic headlights setting. The highway driving lighting was perfection. I never had to dim the lights and the cornering lights added to the exceptional visibility. What a great car!'*

## **MERCEDES-BENZ THE BEST - OR NOTHING**

# A Work In Progress

By: Gregory Haag

Club member Gregory Haag brought photos of his 'work in progress'. A **1951 Mercedes-Benz 220 Cab A Cabriolet**, the 187 chassis.

*I have owned this car since the early 1960's. It had been wrecked on the front left fender and the grill was wiped out. The rest of the car was in fairly good order. But years of neglect had taken its toll on the car. I started the restoration about 10 years ago, which has been a very interesting and mega expensive project. And in some cases painful and frustrating. But I am beginning to see the light at the end of the tunnel.*

*I invited the Mercedes club to come out to see the car about 5 years ago. It was in many pieces at three different locations – all in the La Vernia area – the upholstery shop, the body shop and the mechanic shop.*

*A Few of the people who were at dinner Saturday were there to see the car in so many pieces and were happy to see the car together. That's why I brought the pictures.*

*There were only about 100 cars made originally, and the 1951 is also unique in other ways i.e. there were major body changes to the car, and this body stayed the same for only two years and minor changes occurred again. I have had the help and assistance literally from Mercedes-Benz people locally, and even Germany.*

# Express Service... You Deserve It

No Appointment ... Fast Service... Dedicated Care.

Here are just some of the services that can be performed in an hour or less. "A" Service, State Inspection, Complimentary Multi-Point Inspection, Complimentary Battery Test, Complimentary Tire Inspection/Set Tire Pressure, Air Filter Replacement, Wiper Blade Replacement, and Tire Rotation are just some of the services that our express service provides.

Your Mercedes-Benz calls for premium-level service and there's nothing quite like our Mercedes-Benz trained technicians. Our qualified technicians will give your car the attention and care it requires. They will also keep you well-informed on its condition and/or any additional maintenance needs that your vehicle may need.

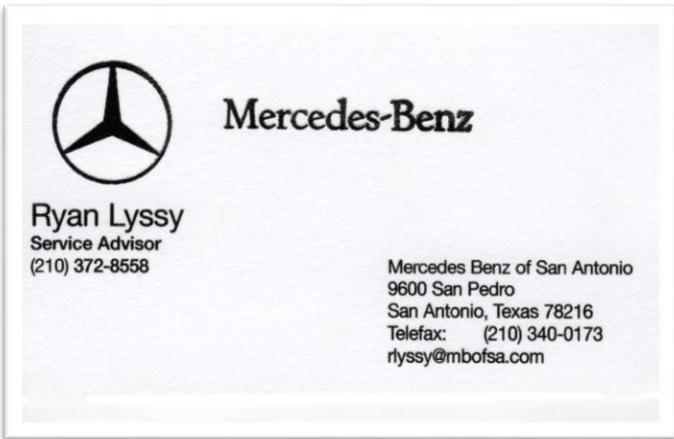

There are no appointments needed in order to take advantage of the Mercedes-Benz of San Antonio Express Service. Just pull up in your vehicle and inform your Mercedes-Benz service technician about your needs.

**REMINDER: If we do not have your email address, you are missing out on the majority of the communications from the Club. Please go to [www.mbca.org](http://www.mbca.org), log in and update your info to stay updated on all that we have going on. Also, please list your spouse/partner as an associate member on the mbca website.**

## Benefit with your Membership!

**Dealer Discounts on Parts, Service & Accessories at Participating Mercedes-Benz Dealers** - The presentation of your membership card may entitle you to 5%, 10% or (up to) 20% off parts, service and accessories from the U.S. and Canadian Mercedes-Benz dealers. Even if your vehicle is under warranty, not all service is covered. Call any of our local Mercedes-Benz dealers in advance to confirm their participation in the MBCA dealer discount program. You must present your MBCA membership card before having service performed or paying for parts.

**Renew Your Membership** – You **DO NOT** need to wait until your renewal date before extending your club membership.

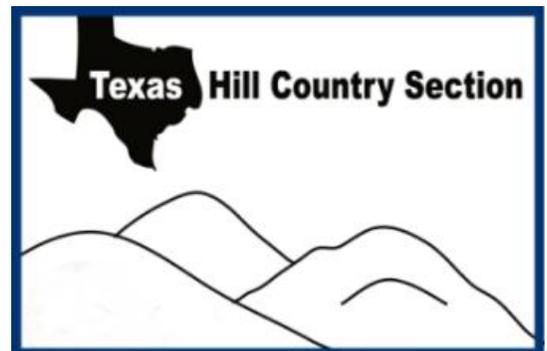

**Refer a New Member** – You will get an extra month added to your membership.

**Mercedes-Benz Models & Chassis Forums** - Mercedes forums include every model made by Mercedes from A class to GLK, the Sprinter, Smart Car, Adenauer, Gullwing, vintage and collectibles. Go to [www.mbca.org](http://www.mbca.org) and sign in using your membership card to participate.

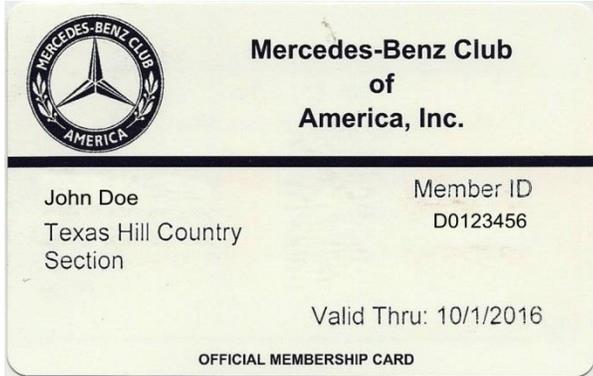

See all the benefits available to you as a club member at [www.mbca.org/membership](http://www.mbca.org/membership).

View all benefits - login in to [www.mbca.org](http://www.mbca.org), click on the tab "Membership".

If you know someone that owns a Mercedes-Benz, invite them to join our club. We have plenty of applications on hand for membership – just ask for a few at our next event. Keep them in your car. Let your friends know the benefits of our club – like the discounts on parts and service. And mention the **Loyalty Rewards Program**. Any member of the Mercedes Club that has been a member for 12 consecutive months or longer entitles you to receive \$500 towards the lease, or purchase of a new or CPO Mercedes-Benz. The \$500 discount applies after you've made your best deal.

Can't find your Membership Card?

No worries! Just call the national business office at 800-637-2360 or go online at [www.mbca.org](http://www.mbca.org) to request another card.

Keep the card with you to enjoy dealership and other member discounts.

***Texas Hill Country Section|MBCA Is On The Web!***

- National website – [www.mbca.org](http://www.mbca.org)
- Section website - <http://texashillcountry.mbca.org>
- [http://www.facebook.com/pages/Texas Hill Country Section| Mercedes-Benz-Club-of-America](http://www.facebook.com/pages/Texas-Hill-Country-Section-Mercedes-Benz-Club-of-America)

MBCA Texas Hill Country Section Newsletter - published four times a year is the official newsletter of the Texas Hill Country Section of the Mercedes-Benz Club of America.

Opinions - Opinions expressed are those of the authors and not necessarily those of either MBCA or the Texas Hill Country Section. Neither MBCA nor the Texas Hill Country Section endorses products or services but may, as part of our informational activities, allow them to be cited in articles and notices.

Trademarks - The trade names and trademarks "Mercedes-Benz", "Mercedes", and the three-pointed star in a circle are owned by DBAG and are authorized for use by its licenses which include MBCA, exclusively.

Reprints - Reprinting original material herein is permitted if a proper attribution (source, including date of issue) is shown.

Advertising - We welcome advertisers whose subject matter is relevant to MBCA or of interest to members of the Section. Advertising runs for one year (four issues) starting with the first issue. MBCA members may place a classified ad for free providing that ad is Mercedes specific. No inference should be made that products or services advertised herein have been approved by the MCBA/Texas Hill Country Section board of directors or this newsletter editor.

Articles and Submissions – Copy for our quarterly newsletter should be e-mailed to the newsletter editor ([riopaloma@sbcglobal.net](mailto:riopaloma@sbcglobal.net)) by the 10th of the month prior to the next issue. For example, submissions for the May issue should be received by the editor by April 10th. If you have an interesting story about your Mercedes, we would like to hear about it. If you've purchased a new or new to you Mercedes, we like to hear about that too.
